A commercial establishment shall be considered to have paid the tax upon its first payment of said tax to the State Tax Department. Section 4.08.060 License Requirements - Limitation on number; issuance generally; renewal

The Board of City Commissioners hereby finds that in order to ensure compliance by all licensees with all applicable federal, states, and city laws, ordinances, and regulations, and in order to adequately police establishments engaged in the retail sale of alcoholic beverages, and in order to promote the public welfare, it is necessary and proper to limit the number of certain classes of licenses, as provided herein, pursuant to the city's police powers and the authority granted by Title 5 of the North Dakota Century Code.

(a) On/Off Sales Licenses

As of December 31, 2012, a total of seventeen on/off sale licenses existed within the city limits of the City of Dickinson. No additional on/off sale licenses shall be granted, until the population of the city reaches an estimated twenty one thousand (21,000) people, at which time the City Commission may, but shall not be required to, grant an additional on/off sale license, as hereinafter provided.

The City Commission may grant an additional on/off sale license for each incremental population increase of three thousand people above 21,000 people, as may be determined in the sole discretion of the City Commission from time to time, based upon annexations, household units, census projections, census results, or other methods of estimated population.

If additional licenses have been granted because of an increase in population, said licenses will be eliminated when the population falls below the population level that authorized the additional license. In addition, if the population of the city falls below twenty one thousand, one on/off sale license shall be eliminated from the number authorized under this section. However, said licenses shall not be eliminated until such time as a license is vacated.

(b) Annexation of Pre-Existing License

Any on/off sale license which is added to the city by virtue of annexation shall automatically increase the number of on/off sale licenses available under subsection (a) of this section. Notwithstanding addition of on/off sale licenses added by annexation, the city may nevertheless add additional on/off sale licenses based upon the requisite population increases, as stated in subsection (a) of this section.

(c) Addition of On/Off Sale License – Procedure for Granting.

In the event that the City Commission elects to grant an additional on/off sale license as provided in subsection (a) of this section, the City shall award the additional on/off sale license pursuant to a public bidding process. The City shall proceed as follows:

- 1) The City shall set a date for the receipt of sealed bids from interested parties, and a date and time for bid opening.
- 2) The City shall provide notice to the general public of its intent to grant an additional on/off sale license by sealed bids. Such notice shall be published in the official newspaper of the City at least fifteen (15) days prior to the deadline for receipt of bids. Notice shall further be given by such other means as the City Commission or City staff shall deem appropriate. The Board of City Commissioners may, in its sole discretion, establish a minimum bid amount, which shall be made known to any and all potential bidders.
- 3) Interested parties shall submit an application for an on/off sale license, together with the information required by Dickinson City Code 4.08070, or as may otherwise be required for City staff to determine the party's qualifications for a license. Interested parties shall further submit the non-refundable application fee set by the City. Parties failing to submit the required application, information, and application fee shall have their bids removed from consideration.
- 4) Interested parties shall further submit to the City a sealed bid for the additional on/off sale license.
- 5) City staff shall review the application and information submitted by all interested parties. Parties who are determined by City staff to be not qualified for a license shall have their bids removed from consideration.
- 6) Opening of sealed bids shall be held at the time and date set by the City. Parties shall have the opportunity to improve their written bids pursuant to an auction process.
- 7) City staff shall submit all final, qualified bids to the City Commission, together with a recommendation from City staff regarding the award of the bid.

- 8) At its sole discretion, the City Commission may grant the additional on/off sale license to the highest responsible bidder.
 - 9) Upon grant of the on/off sale license from the City Commission, the successful party shall immediately pay the full bid price. If the successful party is unable to immediately pay the full bid price, the City Commission may offer the license to the next highest bidder or, in the Commission's sole discretion, decline to offer the license to any remaining bidder.
 - 10) The City reserves the right to reject any and all bids, to waive any informalities in the bidding process or any bid received, and to accept any bid which, in sole judgment of the City Commission, is in the City's best interest.
 - 11) The successful bidder shall have a period of one year from the date of granting of the additional on/off sale license in which to open and operate a business pursuant to the on/off sale license. The successful bidder may request, in writing, an extension from the City Administrator of up to 12 months in the event that extraordinary circumstances prevent the successful bidder from opening and operating a business pursuant to the additional on/off sale license within the initial time allotted. The City Administrator shall grant such extension if it is in the best interests of the public health, safety and welfare. Additional extensions may be granted in the sole discretion of the Board of City Commissioners upon a showing by the successful bidder of extraordinary circumstances preventing the successful bidder from opening and operating a business pursuant to the on/off sale license within the time allotted, and upon a showing of significant progress toward opening and operating a business pursuant to the on/off sale license. If a business is not opened and operated by the licensee within one year of its granting by the City Commission, or within such additional time as may be granted, in writing, the license shall revert back to the City, without refund or reimbursement to the licensee.
 - 12) The additional on/off sale license shall be non-transferable during the first year of its actual operation and sales.
- (d) Lodge or Club Licenses.
As of December 31, 2012, there were three lodge or club licenses in existence. None of them shall be transferable to any other owner. Any additional lodge or club license shall be granted only to organizations qualifying as a lodge or club, and then only in the discretion of the board of city commissioners. No electronic or mechanical gaming devices or games of chance shall be allowed upon the premises licensed hereunder in any area where minors are allowed to be present.
- (e) Motel or Hotel Licenses.
The City may grant an alcoholic beverage license for both on- and off-sale to any hotel or motel within the city limits which has seventy-five or more rental units or rooms.
- (f) Restaurant On-Sale License.
The City may grant an alcoholic beverage license for on-sale only to any restaurant within the city limits. The restaurant shall have sufficient dining area

and facilities to adequately serve its patrons, as well as the public generally. The restaurant may have a lounge area or waiting area lounge for patrons waiting to be seated for the purposes of serving alcoholic beverages in conjunction with its restaurant business. Permission for such area should be duly noted on the licensee's license. No electronic or mechanical gaming devices or games of chance shall be allowed upon the premises licensed hereunder in any area where minors are allowed to be present. Those receipts from the sales of alcoholic beverages hereunder shall not exceed fifty percent of the gross receipts from the sale of all food items and alcoholic beverages combined. All restaurant on-sale license holders shall file with the application for license renewal a sworn statement executed by the licensee and a certified public accountant certifying that gross food sales and liquor sales for the previous calendar year meet the requirements of this section. The Board of City Commissioners may, in its discretion, require the licensee to provide such additional proof of the licensee's compliance with this section as the Commission deems necessary.

All sales of alcoholic beverages by restaurant on-sale licensees must be separately receipted to the customer by cash register receipt and clearly identified as sales of liquor, beer or wine on all receipts. In order to qualify for an alcoholic beverage license under this provision, it is necessary that the dining area and other food service facilities be in operation and be open for business.

(g) Military Club Beer and Wine.

The City may grant beer and wine licenses to military clubs of the armed forces permitting beer sales and/or wine sales. For the purposes of this section and others pertaining thereto, "armed forces" shall mean the Army, Navy, Air Force, Marine Corps and Coast Guard of the United States of America. A license hereunder shall comply with all of the laws of the state relating to the sale and dispensation of alcoholic beverages. The beer and/or wine license hereunder shall be for the sale of beer and/or wine for consumption on the premises only, to military club members only, and no sales for consumption off the premises shall payable in the manner provided in section 4.08.080. A license hereunder shall comply with and be subject to all of the remaining provisions of this Code, including this chapter.

(h) Microbrewery License.

The City may grant microbrewery licenses to a licensee to operate a microbrew pub and to sell beer on-sale and off-sale. A microbrewery license will authorize the licensee to sell only beer which is brewed on the premises, and may be sold on-sale and off-sale. A microbrewery license shall not modify any of the restrictions or requirements on the licensee as the owner of any other alcoholic beverage license which may be held in addition to the microbrewery license.

(i) Restaurant Beer and Wine.

The City may grant an alcoholic beverage license permitting on-sale restaurant beer sales and/or wine sales subject to the following restrictions and conditions:

- (1) A licensee hereunder shall comply with all of the laws of the state relating to the sale and dispensation of alcoholic beverages.
- (2) A licensee hereunder must be a restaurant as defined in this chapter.

- (3) The receipts from the sale of alcoholic beverages hereunder shall not exceed fifty percent of the gross receipts from the sale of all food items and alcoholic beverages combined. All restaurant beer and wine license holders shall file with the application for license renewal a sworn statement executed by the licensee and a certified public accountant certifying that gross food sales and liquor sales for the previous calendar year meet the requirements of this section. The Board of City Commissioners may, in its discretion, require the licensee to provide such additional proof of the licensee's compliance with this section as the Commission deems necessary.
- (4) The beer and wine license hereunder shall be for the sale of beer and wine for consumption on the premises only, and no sales for consumption off the premises shall be made.
