

Dickinson Cemetery Burial Database

In accordance with requests for this information, the city is making available in pdf format, the complete database of the cemeteries in Dickinson. In the database, the Cemeteries are noted with single letter designations. They are:

In the early 1980's, the City assumed responsibility for all cemeteries in the City, including the three one-time Roman Catholic cemeteries. All grave sites in all four cemeteries are in the database in alphabetical order by last name.
